

Prednosti modela 28 Open

VIŠENAMENSKI GLISER ZA SAVRŠEN ODMOR

Ovaj model je predivan spoj dizajna i tehnologije koju Alfastreet Marine razvija već 15 godina. Sva plovila ovog proizvođača su sa jedinstvenim tehničkim rešenjima, najnaprednijih performansi, stabilnosti i sigurnosti bez kompromisa. A to je sve što je potrebno za nezaboravne trenutke na svim vodama.

Posvećenost detaljima i završnoj obradi, nije zapostavila proširivanje tehničkih mogućnost te su tako dostupni mnogi pogoni sa unutrašnjim ili spoljnim motorom. Na vama je izbor benzinskog, dizel ili elektro agregata, u skladu sa vašom namerom i namenom plovila koje je inače fleksibilno za primenu u najrazličitijim uslovima.

Model 28 Open je plovilo visokog stila u kompaktnim gabaritima. Može se sasvim udobno ugostiti dvanaest osoba, dok se u kabini nalazi kupatilo punih dimanzija i garderoba, i to pored king-size kreveta u pramcu. Sunbed na krmi daje izuzetan prostor za uživanje na suncu, fleksibilno podesiv i do dužine 170 cm.

Lak i bezbedan pristup omogućen je putem dva bočna zadnja ulaza koji su zaštićeni vratima kako bi se osigurala dodatna sigurnost na brodu. Hidraulični hard top, kojim se upravlja daljinskim, ima dodatna prostrana klizna vrata koja olakšavaju komunikaciju sa kokpitom.

Prilagođeni vetrobran je remek-delo dizajna i funkcionalnosti, omogućava dovoljno prostora za lagan i udoban prolaz između pramca i kokpita. Sa dodatnim ručkama od nerđajućeg čelika, sigurnost je garantovana, ali ni elegancija nije zapostavljena.

Model 28 Open nudi laku upravljivost i jednostavnost upotrebe. Iz kokpita do prostranog pramca na kojem udobno mogu da istovremeno borave četiri osobe dolazi se jako lako, a ograda na palubi garantuje sigurnost čak i kada su mala deca na brodu.

Ovaj model ima posebnu LED tehnologiju ambijentalnog osvetljenja koje doprinosi stvaranju posebne atmosfere na brodu dok uživate u letnjim noćima sa svojom porodicom ili prijateljima. Osvetljena prednja konzola, luksuzna sedišta i prostran ulaz stvaraju utisak dobrodošlice u ovu romantičnu atmosferu.

Tehničke karakteristrike
